ASHLEY TAM

FRONT-END DEVELOPER | GRAPHIC DESIGNER | UX DESIGNER

Work Experience

Freelance Web Developer

JAN 2015 - CURRENT

As a freelance designer and developer I cater to small businesses and startups. With a large focus on providing businesses with the tools and technology to help grow their business. I offer a variety of services such as web development, e-commerce, social media marketing, graphic and brand design, print design and many more.

Web Developer + UX Designer + Mobile Designer and Developer

JAN 2011 - DEC 2015 @ CORNERPORTAL INC

I've had the opportunity to work on a wide variety of projects exposing me to many different web development technologies and languages such as Objective C and Django. As both a developer and designer, I am able to contribute to both the coding and designing side. I worked collaboratively with project managers, designers, other developers and collaborating with clients one-on-one.

Graphic Designer + Mobile Designer and Developer

MAY 2011 - JUNE 2013 @ OTTERCALL

Ottercall is a mobile language learning software company creating mobile apps for iPhone, Android, and the web to make language learning easier and more enjoyable. For Ottercall I had the opportunity to develop the UX Design and graphics. I produced all the graphic design elements and animated the characters within the app using a digital tablet to illustrate and Objective C to compile the frames. In addition I helped develop marketing material such as the branding and web development/design.

Junior Programmer

APR 2010 - JAN 2011 @ CANADA REVENUE AGENCY

Responsibilities include webpage maintenance, update and creation, VBA program development and performing client web and web application requests. Responsible for writing up summaries from weekly meetings.

Education

Bachelor of Information Technology

Major in Interactive Multimedia and Design @ Carleton University 2008 - 2013

Graduated with Distinction in April 2013

Co-operative Education, Dean's Honour List 2009 - 2013

Advanced Technology Diploma

Interactive Multimedia and Design @ Algonquin College 2008 - 2013

Graduated with Honours in April 2013

In collaboration with Carleton University.
